POLYTECHNIC SCHOOL
GRADUATE PROGRAM IN **INDUSTRIAL ENGINEERING**

FINAL REPORT OF THE PRE-SELECTION PROCESS FOR APPOINTMENT OF VISITING PROFESSOR 2024 TO THE INDUSTRIAL ENGINEERING PROGRAM

The committee composed of professors Ângelo Márcio Oliveira Sant'Anna, Cristiano Fontes da Hora Oliveira, and Elaine Christine Albuquerque, established to conduct the internal selection process for appointing visiting professors from PEI, presents in this document the results of the selection of interested candidates.

The methodology and procedures adopted by the committee completely aligned with the notice PV **008/2024** - PRPPG/ UFBA regarding hiring visiting professors in 2024. The schedule established for the analysis and nomination activities of applications was established in internal notice **04-2024 PEI-UFBA**, published on its homepage: <https://pei.ufba.br/pt-br/editais-abertos>

The committee met at 2 pm today to evaluate the applications. The names indicated in classification order must be analyzed, evaluated, and endorsed by the Board Egregium from **PEI-UFBA** to be forwarded to the Dean of the Polytechnic School, whose approval of the nominations must be expressed by an official letter attached to the documentation that must be sent, via the form online system, the Pro-Rectorry of Research and Postgraduate Studies at UFBA.

Analyzing the documentation of the 3 (three) candidates registered under the Internal Notice **04-2024 PEI-UFBA**, namely, in alphabetical order: **i) Marcelo Jesus Actis; ii) Martin Cismundi Duarte; iii) Raúl Alberto Pérez Bermúdez**. The committee certified the eligibility of the applications by presenting all the documents established in notice **008/2024** - PRPPG/ UFBA.

The committee carried out the merit assessment of registered and approved candidates with the following criteria: qualified scientific production, professional experience, participation and coordination of research projects, contribution to training at

master and doctoral levels, compatible with the accreditation and re-accreditation criteria adopted for Permanent Professor in PEI, guided by the current **PEI 01-2021** Resolution.

Regarding the merit analysis, **the Selection Committee unanimously decided to nominate the following candidates in CLASSIFICATION ORDER for hiring as Visiting Professor at PEI :**

Order	Name	Points	Result
1 st	Martin Cismundi Duarte	350.00	Approved
2 nd	Marcelo Jesus Actis	110.00	Approved
3 rd	Raúl Alberto Pérez Bermúdez	104.00	Approved

Such pre-selection is based on the unequivocal qualities of each candidate, attested and justified by the CVs of each one and their corresponding work plan, with emphasis on their previous experience in graduate programs, especially seniority, the relevance of production scientific in its entirety, particularly those developed in the last 5 (five) years, professional experience, in addition to the orientation/co-supervision of master and doctoral students. Furthermore, the **three registered candidates were nominated** due to the quality of their respective work plans, which were considered adequate and aligned with PEI's research lines.

Finally, the committee thanks each candidate for their interest in registering and participating in Notice **04-2024 PEI-UFBA**.
